

MemberLink Automated Employer Pull Notice (EPN) Program

Promoting driver safety is critical to any public entity. And having near real-time access to an employee's driving record can be your organization's first line of defense against a potential lawsuit.

To help you mitigate your risk, TargetSafety has partnered with A-Check America to automate your Employer Pull Notice (EPN) program. Using this program, you can electronically monitor your employees' driving records and receive notification within hours of a reportable incident, such as an accident, conviction, failure to appear, license suspension or revocation, or any other action taken against an individual's driving privilege by the California Department of Motor Vehicles.

Best of all, you can quickly access your driver roster and key data from a dashboard within MemberLink. This data—which is accessible only to you and A-Check America—features a summary of the number of drivers added and removed from the system, an overview of the violations and accidents that have occurred, and a breakdown of your employees' license renewal status.

Benefits include:

Near Real-Time Access to Employee Driving Records

- Receive a pull notice alert within hours of a DMV action/activity, rather than days.
- Access individual, or prospective, employee records online—any time, day or night.

Time- and Money-saving Tools to Manage Your Driver Roster

- Add, delete, activate or inactivate drivers from a secure client interface with the click of a mouse.
- Eliminate your current paper-based system and see your administrative costs dramatically decrease.

Compliance with Regulatory Agencies

- Meet the California Highway Patrol's compliance requirements for commercial vehicles.

Features

The EPN program includes all of the tools you need to monitor and manage your driver roster.

Dashboard

- Quick scan of key metrics, including drivers in the system, violations, accidents and license renewals
- Visual representation of summary data, along with the ability to drill down by date range
- Streamlined graphical display, presented as easy-to-read charts

Drivers Direct Maintenance Tools

- Search by driver's license or last name
- Add drivers individually or using a bulk upload template that A-Check America will import
- Link to a helpful Out-of-State Driver Enrollment Form

Drivers Direct Summary Reports

- Quickly run reports based on any of the following:

Drivers

- Current drivers, drivers added/removed, report requested/received, expired report or no report

Violations

- Violations reported and violations by date

Accidents

- Accidents reported and accidents by date

Renewals

- Expired licenses and license renewals

TargetSafety's MemberLink dashboard provides you with a quick scan of key metrics, including drivers in the system, violations, accidents and license renewals.

The screenshot shows the DRIVERS DIRECT interface with a search criteria form and a table of driver information.

Search Criteria: Driver License: [], Last Name: [], License Code: [], License Class: [] [Search] [Reset]

Total Drivers: 7

First Name	Last Name	License #	License Code	License Class	Address	City	State	Zip Code	Request Report	Edit Driver	View Current Report
JAMES	BROWN	0010110	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report
JANE	DOE	0000000	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report
MARY	JANE	0000000	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report
JOE	SMITH	0000123	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report
LISA	SMITH	0000123	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report
WILLIAM	TEST	0112234	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report
DOH	WHITE	0000000	B	COMMERCIAL		CA			Request Report	Edit Driver	View Current Report

Through the automated EPN program, you can quickly and easily manage your driver roster.

For more information about the EPN program, contact Phil Coons, TargetSafety's Manager, EPN Services, at 800.840.8048, ext. 103 or phil@targetsafety.com.

MemberLink™ is an innovative Internet-based program developed exclusively for GSRMA member organizations by TargetSafety, a pioneer and leader in web-based risk management solutions. MemberLink provides GSRMA members with a comprehensive suite of online risk management, training and compliance tools to help identify, prioritize and significantly minimize risk.
