

FleetSmart™

Driver Training and Compliance Program

- Customized website available 24/7
- Online driver training courses for both drivers and supervisors
- Helpful policy and procedure templates
- A Quick Reference Guide for implementing effective driver safety programs

FleetSmart is a comprehensive online training and compliance management solution for drivers of fleet vehicles. Designed to reinforce key safety concepts and change unsafe behavior, this PreventionLink Smart solution provides much-needed instruction to employees responsible for driving an automobile or light truck, passenger van, or large commercial vehicle*. FleetSmart also features curriculum for supervisors, making it easy for managers to maintain a staff of safe, capable drivers.

Along with driver safety training, FleetSmart gives your organization the ability to:

- **Deliver online curriculum any time**, from a customized website.
- **Upload company policies and procedures** or use the templates provided within the program to create new ones.
- **Access a Quick Reference Guide**, which outlines the key elements of an effective driver safety program.

FleetSmart is a proven safety solution that was developed from leading industry standards and resource material, including:

- OSHA's Guidelines for Employers to Reduce Motor Vehicle Crashes
- ANSI/ASSE Z15.1-2006 Safe Practices for Motor Vehicle Operations

It is so easy to use and implement, it can be up and running in a matter of minutes. Best of all, it can be maintained with minimal effort.

About TargetSafety

Founded in 1999, TargetSafety is a pioneer and leader in web-based solutions designed to simplify and standardize risk management. The company's flagship product, PreventionLink, provides organizations with a comprehensive suite of online risk management, training, and compliance tools to help identify, prioritize and significantly minimize risk. Today TargetSafety is the leading provider of online loss prevention and risk management services to public entities in the United States.

Critical Safety Training that Will Reduce Claims and Losses

At the core of FleetSmart is an online library that includes both basic and supervisory training courses. These courses are tailored to meet the varied needs of your employees, whether they drive automobiles and light trucks, passenger vans or large commercial vehicles (over 26,000 lbs.). Courses can be accessed any time, and from anywhere there is a computer and Internet connection. In addition, FleetSmart features policy and procedure templates, which make it easy for you to implement new organizational policies.
